THE CITY

—OF—

ST. JOHN, N. B.

Being not only most centrally situated for the railway systems of the Maritime Provinces, but also the Atlantic terminus of the great transcontinental route of the Canadian Pacific Railway; the Intercolonial Railway (connecting with the Grand Trunk system); also having other competing lines; is most

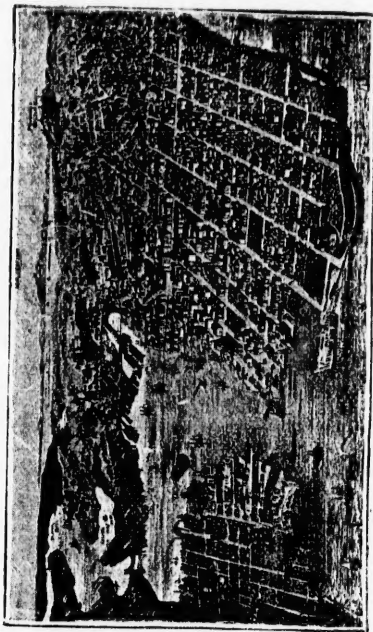

Admirably Situated

for holding exhibitions of Art, Manufactures, Agriculture, Horticulture, etc.

The Exhibition Association

Of the City and County of St. John, (Incorporated 1889), having extensive conveniently situated grounds, as well as ample building accommodation, proposes holding annual exhibitions, with competitions open to the World, commencing on the Twenty-fourth of September, 1890, and incorporating some new and attractive features for the public entertainment. Invites correspondence from all persons introducing novelties suitable for these purposes, as well as exhibitors in all classes. For application forms and other information, address

ARTHUR M. MAGEE, SECRETARY, Saint John, N. B.

GENERAL CONDITIONS.

All Races will be governed by the Rules of the National Trotting Association, of which Association each Track here represented is a member.

Five horses required to enter and three to start. A horse distancing the field will only be entitled to first money. Horses starting in the Circuit will be eligible in the same class throughout the Circuit.

Entrance fee will be 10 per cent. of the purses; payable, 5 per cent. with nomination, and 5 per cent. the evening before the Races.

Purses will be divided: 60 per cent. to first; 30 per cent. to second; and 10 per cent. to third.

Arrangements will be made to have United States horses admitted in bond to attend these races.

IRA CORNWALL, SECRETARY,

Exhibition Association of the City and County of Saint John, N. B.

DYSPEPTICURE
the Specific for Dyspepsia.

Thousands of bottles of **DYSPEPTICURE** have been sold during the past few years without any advertisement whatever. It is now well known in nearly every part of the Maritime Provinces, and many orders have been filled for Quebec, Mass., and Maine. **DYSPEPTICURE** not only aids Digestion, but positively cures Indigestion and Chronic Dyspepsia; this quality of **CURING** the disease explains its large and spreading sale without having been brought to the notice of the public.

DYSPEPTICURE may now be obtained from all Druggists. Price per bottle, 35 cents and \$1.00 (the latter four times size of former).

An important pamphlet on **DYSPEPTICURE** promptly mailed, free, to any address.

General Rules and Regulations,

Approved and Adopted at a Meeting of the Board of Directors, held June 3rd, 1890.

Exhibitors will please read the following Rules carefully, and send in their entries as early as possible, and be sure that all Fees accompany the same.

When you have done with this book, please pass it around among your neighbors.

On September 15th to 23rd (Sunday excepted) the Grounds and Buildings will be open to Exhibitors and their assistants only from 7 a. m. to 6 p. m. These are preparation days, and all exhibits required to be on the grounds the full term of the Exhibition must be in place and ready for exhibition by 6 p. m. on Tuesday, September 23rd.

The Exhibition will be open to the public on Wednesday, the 24th September, at 9 o'clock a. m., and will continue open each day from September 24th (Sunday excepted) to October 4th, from 9 a. m. to 10 p. m., except the Live Stock department, which will close at 6 p. m. The Exhibition will be considered officially closed at 11 p. m. on Saturday the 4th of October, after which exhibitors must remove all their property from the grounds and buildings. No removals will, under any circumstances, be allowed before Saturday evening, except in the case of Live Stock, which may be removed after 4 p. m. on Friday, 3rd October, and Agricultural and Horticultural Products, which may be removed after 11 p. m. on Friday, 3rd October.

The formal opening will take place at 2 o'clock p. m. on Wednesday the 24th of September, at which time many distinguished persons have been invited to be present.

A large number of special attractions, in addition to the regular Exhibition, of which full particulars will be subsequently given, will be provided for the enjoyment of visitors.

Military and other bands of music will be present every afternoon and evening.

Intending exhibitors and visitors are particularly requested to read carefully and consider the following rules and regulations governing the Exhibition, which will be in all cases strictly enforced.

ENTRIES.

All entries must be made on the printed forms, to be obtained from the Secretary, Exhibition Association, St. John, N. B. These forms are to be filled up and signed by the exhibitor, and sent to the Secretary of the Association at St. John, N. B., on or before the following dates:—

For Live Stock, Poultry, Dairy Products, Ladies' Work, Fine Arts, Honey, and all classes of Manufactures—

MONDAY, SEPTEMBER FIRST.

Grain, Field Roots and Horticultural Products—

MONDAY, SEPTEMBER EIGHTH.

The entrance fee must in all cases be forwarded with the entry. No entry will be accepted unless this is done. Fees should be sent by money order or in bills in registered letter. Postage stamps are not desirable.

Exhibitors will please take notice that it is absolutely required that the entries be made on or before the dates above mentioned, in order to afford sufficient time to examine the entry papers, forward the entry tickets and to correspond with parties when necessary, and for the correction of errors and omissions, and to prepare the Exhibition Catalogue.

GENERAL RULES 9 AND REGULATIONS.

In the Cattle, Sheep, Pig, and Poultry Classes, the entry must in every instance be made in the name of the *bona fide* owner, and unless this rule be observed, no premium will be awarded, or, if awarded, will be withheld. If any person shall exhibit any animal or bird of which he is not the *bona fide* owner, he will forfeit any premium which may be awarded him, and be precluded from exhibiting in future. (See Special Rules in regard to Horse Department).

In all the other classes entries must be made in the names of the producers or manufacturers only, and by such producers themselves, in person or their agents, who must have special authority for so doing, and shall produce the authority in writing if so required by the judges. Those who are not manufacturers or authorized agents may exhibit, but cannot compete for the prizes offered. If any person other than the authorized agent shall enter an article for competition, as produced or manufactured by himself, when it has not really been so, he shall forfeit any premium which may be awarded the article, and be precluded from exhibiting in future.

A merchant who sells a line of goods which are also sold by other merchants cannot be considered as an agent for such goods.

No person will be allowed to enter for exhibition more than one specimen in any one section of a class, unless the additional article be of a distinct named variety or pattern from the first. This rule not to apply to animals, but to all kinds of grain, vegetable produce, fruit, manufactured articles, etc., in which each additional specimen would necessarily be precisely similar to the first.

Extra Entries.—Every article must be entered under some one of the headings in the regular list when possible; but if any article is of a distinct character from anything specified in the list, it may be entered in the class with which it most nearly corresponds.

On the entry of each animal or article, a card will be furnished the exhibitor, specifying the class, the section, the number of the entry, and the name of the exhibitor, WHICH CARD MUST REMAIN ATTACHED TO THE ANIMAL OR ARTICLE DURING THE EXHIBITION.

In all cases the right is reserved to reject entirely or accept conditionally any entry or application; and under no circumstances will articles which are offensive by reason of their odour or appearance, or which are dangerous by reason of their combustible or explosive character, be admitted; and if any such be introduced by any exhibitor through misapprehension or otherwise, they may be removed by order of the Board of Directors.

Exhibitors shall, if required by the Directors, make a statutory declaration that the articles exhibited by them are exhibited in accordance with the Rules and Regulations of the Association; and in case any exhibitor refuse to make such declaration on being requested, all premiums awarded him, her, or them, shall be forfeited.

ENTRANCE FEES.

The charges for exhibiting at this Exhibition are by fees, as follows: Horses—Entrance fee, \$1 per head; stabling, free. Cattle, over one year—Entrance, free; 50 cents per head for stalls. Cattle, one year and under—Entrance, free; 25 cents per head for stalls; Sheep—Entrance, free; 25 cents per head for pens. Pigs—Entrance, free; 25 cents per head for pens. Poultry, Agricultural Implements, Machinery, and Stoves—25 cents for each entry. Agricultural and Horticultural Products—Ten entries and under, 50 cents; over 10 entries, \$1. Ladies' Work—Five entries and under, 25 cents; over 5 entries, 50 cents. Fine Arts, Manufactures, and all other classes not named above, 25 cents each entry. Children's Department, free.

THERE ARE NO CHARGES FOR SPACE.

Except in special cases where extra advantages, for advertising purposes, have been applied for.

APPLICATIONS FOR SPACE.

For the exhibit of all classes of Manufactures, applications for space should be made to the Secretary as early as possible. Space will be allotted according to order of application,

ATION.

GENERAL RULES 11 AND REGULATIONS.

up to the 1st September, at which date it will be allotted according to the extent previously undisposed of.

PREPARATORY WORK.

On and after Monday, the 15th September, exhibitors, their agents and workmen, will be admitted to the grounds and buildings for the purpose of making preparatory structures, or getting machinery and implements into position.

DELIVERY OF LIVE STOCK AND ARTICLES AT GROUNDS.

All Horses entered for the prizes to be awarded during the Exhibition must be on the grounds not later than 11 a. m. on Wednesday, September 24th. All Plants and Flowers in pots must be delivered on the grounds and arranged on the tables by 9 a. m. on Wednesday, September 24th. All other articles, Implements, Machinery, Stoves, Manufactures of all kinds, Honey, Fine Arts and Ladies' Work, etc., etc., must be delivered on the grounds and placed in position by 6 o'clock p. m. on Tuesday, September 23rd.

SPECIAL NOTICE.—As it is intended to have the exhibition fully opened to the public at the time named, exhibitors are specially notified that articles or animals arriving after the above dates will not be allowed to compete. Exhibitors of Machinery and other heavy articles are expected to have them on the grounds and placed in position the week preceding the opening of the exhibition.

All boxes, wrappings and other packing material must be cleared away and everything be in proper order before 6 p. m. on Tuesday, the 23rd of September.

Exhibitors must provide for the delivery of their articles upon the Exhibition Grounds. The Association cannot, in any case, make provision for their transportation, or be subjected to any expense therefor either on their delivery at, or return from, the grounds. All expenses connected therewith must be provided for by the exhibitors themselves, and all express and cartage charges must have been prepaid.

Articles not accompanied by their owners may be addressed to the Secretary, who will receive them on their being delivered at the grounds, but in no case will such articles be brought on the grounds and placed on exhibition except by and at the expense of the owners or their authorized agents.

Exhibitors, on arriving with their articles, will apply at the office of the Secretary, when they will be informed where the articles are to be placed.

Exhibitors will at all times give the necessary personal attention to whatever they have on exhibition, and at the close take entire charge of the same.

Articles placed on exhibition must not be removed until the close, except by permission of the Board of Directors; and except also in the Fruit, Vegetable, and Floral sections, where such removal is necessary to a continuous display.

Every facility will be afforded for the transaction of business by taking orders, but no delivery of articles sold can be made on the premises during the Exhibition, except by special arrangement.

Though the Association will take reasonable precaution to ensure the safety of articles sent to the Exhibition, yet they wish it to be distinctly understood that the owners themselves must take the risk of exhibiting them; and that should any article be accidentally injured, lost, or stolen, the Association will give all the assistance in their power towards the recovery of the same, but WILL NOT MAKE ANY PAYMENT for the value thereof.

At the close of the exhibition, exhibitors must take charge of their exhibits, and remove the same as early as possible. Any article or stand left in the buildings or grounds after this time will be at the risk of the owner.

LIVE STOCK.

Good buildings are provided upon the grounds for all Live Stock. Straw for bedding and water will be furnished for Horses, Cattle, Sheep, and Pigs, without charge, from the opening until the close of the Exhibition, so that the stock may be taken to the grounds

GENERAL RULES 13 AND REGULATIONS.

immediately on their arrival. Hay and grain for Horses, Cattle, Sheep, and Pigs will be for sale on the grounds at lowest prices. Exhibitors will please report at once if unreasonable prices are exacted.

The production of any of the animals in the Horse Ring may be ordered by either of the Committees on Live Stock, for review or other purposes, at any time during the Exhibition; and any exhibitor or attendant refusing to bring such animal into the ring when so required, shall forfeit his entry fees and any premiums which may have been awarded him.

PROCESSES OF MANUFACTURE.

A portion of the Main Building is fitted up with shafting and power, specially for the exhibition of processes of manufacture. The Association hope that manufacturers who are in a position to assist in this feature will send some of the machines used by them in the manufacture of their products, and it is certain they will be amply repaid for their trouble by the extra benefits they will receive from such an exhibit.

DIPLOMAS.

Diplomas will be awarded in lieu of Money Prizes when desired by exhibitors, subject to approval by the Board of Directors.

RAILWAYS, STEAMBOATS, AND CUSTOMS.

Favourable arrangements have been made with all the Railroad and Steamboat Companies for the conveyance of passengers and articles to and from the Exhibition at greatly reduced rates, and for special excursions from all parts of the Dominion and the northern portion of the United States.

Live Stock and all other exhibits sent as freight (not by express) will be returned free, on the freight being paid one way, that is, to St. John.

All exhibitors in order to insure their goods being returned free must pre-pay the freight to St. John, and obtain receipts of same, which receipts must be produced when re-shipping, with a certificate from the Secretary showing that the goods have not changed hands.

The following instructions have been issued by the General Freight Agent to the Agents of the Intercolonial Railway, and about the same terms will apply generally.

Canada's International Agricultural and Industrial Exhibition will be held at St. John, from 24th September till October 4th, inclusive.

All Live Stock, Merchandise, Implements, etc., intended for Exhibition as above set forth, will be conveyed on the line of the Intercolonial and Eastern Extension Railways to St. John, and returned to the points of shipment at Single Tariff Rates, provided they remain the property of the original owners.

The Freight Charges must be prepaid and receipts will be given for the same. These receipts, with a certificate from the Secretary of the Exhibition to the effect that the property has not changed hands, must be produced when shipped on the return journey to entitle the original owner to have the property returned free of charge.

The above arrangement will take effect on 10th September, and remain in force ten (10) days after the close of the Exhibition.

Traffic shipped in the same car, by different owners, must be way-billed separately, and charged Tariff Rates.

Men in charge of Live Stock in less than car loads, will obtain Excursion Return Tickets.

Exhibits of all kinds are carried subject to general conditions of transport.

Arrangements have also been made with the Customs Department for the admission of articles from foreign countries for exhibition, free of duty, on giving the customary bond.

All Implements, Machinery, etc., can be unloaded from the railway cars directly upon or near the grounds, the expense of transhipment being thus avoided. Stock will be unloaded near the grounds at Mcosepath Driving Park.

General Passenger and Freight Agent.

FRANK ROWAN, Agent, St. John, N. B.

GENERAL RULES 15 AND REGULATIONS.

All articles sent by express will be delivered on the grounds without extra charges by the Express Companies.

PAYMENT OF PRIZES.

The Treasurer will be prepared to commence paying the premiums at his office on the grounds, for all classes of exhibits, on Saturday, the 4th of October, at 9 a. m.

Parties who may have prizes awarded to them are particularly requested to apply for them before leaving St. John, or leave a written order with some person to receive them, stating the articles for which prizes are claimed.

Persons entitled to premiums must apply for them at the Secretary's Office, who will give orders on the Treasurer for the amount. These orders must be endorsed, as they will be payable to order, not to bearer, and on presentation to the Treasurer, properly endorsed, will be paid either in cash or by check on the bank.

Orders for premiums not applied for as above will be given by the Secretary, and the amount forwarded by the Treasurer, after the close of the Exhibition, to the address given on the entry forms.

All persons to whom prizes are awarded, and who do not receive the same as above, must apply to the Secretary of the Association for payment thereof, in writing, on or before the 30th day of October of the year in which such prize is awarded, or such prize will be forfeited.

JUDGES AND JUDGING.

The Judges will be appointed by the Committees and Board of Directors previous to the Exhibition, and will receive a circular informing them of the fact, and when to report at the office on the grounds.

No person will be allowed to act as Judge who is in any way interested in the articles to be examined.

Judges on Special Prizes for Horses will report on Wednesday, 24th September, at noon.

Judges on Live Stock, Poultry, Agricultural and Dairy Products, Cut Flowers, Fruit and Vegetables, entered for the regular prizes, will meet in the Board Room at the Secretary's Office on the grounds, presenting their circular of appointment, at the time mentioned thereon.

It is particularly requested that the Judges will *not enter into arguments* with exhibitors as to the merits of their exhibits, and on no account are they to give reasons for their awards.

It is desired that all the Judges of each class go together to hand in their report, instead of sending it in by one of their number, and to remain together until their book has been examined by the Secretary or his assistants, in order that cases of error or doubt may be more promptly and easily made right.

Judges will please sign and hand in their lists of awards to the Secretary or his assistants as soon as possible, and make their more extended reports afterwards, making such recommendation as circumstances or their experience may suggest.

The Judges are particularly requested not to leave the grounds until they have ascertained from the Secretary that there are no protests against the awards in the classes they have judged.

In the absence of competition in any section, or if the stock or articles exhibited be of inferior quality, the Judges will award only such premiums as they think the articles deserving of. They will exercise their discretion as to whether they will award the first, second, or any premium.

It does not follow that because a prize is offered for any particular animal or article that it must be awarded, unless there is proper competition, or unless the exhibit is really of sufficient merit to warrant the award being made. **The Judges are particularly requested to note this fact.**

In addition to the stated premiums offered for animals or articles enumerated in the List, the Judges may also distinguish such animals or articles as they consider deserving of notice,

GENERAL RULES 17 AND REGULATIONS.

but which have not received prizes, by tickets with the words "Highly Commended" upon them. These tickets will not entitle the holder to any money payment.

No award of a prize not offered in the List will be paid until sanctioned by the Board of Directors of the Association.

Each award must be written in a plain, careful manner on the blank page opposite the number of entry, with the name of the exhibitor.

Exhibitors can ascertain from the Superintendents of the several departments when the Judges may be expected to examine their animals or articles. No complaint or appeal based upon the statement that the Judges have overlooked animals or articles will therefore be considered by the Directors.

Any exhibitor lodging a protest must make it in writing, and it must be delivered to the Secretary or his assistant within three hours of the cause of protest; it must state plainly the cause of complaint or appeal, and must be accompanied by a deposit of \$5, which sum shall be forfeited to the Association if the said protest is not sustained. The Board of Directors, however, earnestly hope that exhibitors will not enter protests without the strongest grounds for so doing, as much annoyance and unpleasantness is often occasioned by protests of a frivolous nature.

The Judges are expected, in the execution of their duties, to be careful to act with the most rigid impartiality, and make their entries in a clear and conspicuous manner; in all cases of doubt or difficulty referring freely to the Secretary, or to the Committee of the Association in charge of the Department.

No animal or article exhibited shall have about it any prize colors or cards until the awards have been made in their respective classes.

No person shall be permitted in the Horse or Cattle Rings during the time of judging except the Judges, the grooms, or persons in charge of the animals, members of the Association, and members of the press.

All prize cards which have been affixed by the Judges must be displayed during the Exhibition. Any infraction of this rule will incur the forfeiture of any premium awarded.

Any person who shall attempt to interfere with or influence the Judges while in the discharge of their duties, or who shall at any time, on the premises of the Association, use any contemptuous or abusive language to any Judge in consequence of any award made by him, shall forfeit his right to any premiums to which he might otherwise be entitled, and shall be excluded from exhibiting for one year thereafter. Judges are particularly requested to immediately report any breach of this rule.

Upon the discovery of any fraud, deception, or dishonest practice, either in the preparation, ownership, or of any representation concerning any animal or article exhibited, which may have affected or have been intended to affect the decision of the Judges, the Board of Directors have power to withhold the payment of any prize awarded, and may prohibit any such party or parties from exhibiting in any class for one or more years, and may also publish the names of such persons or not, as may be deemed most expedient.

MISCELLANEOUS.

If any persons, through ignorance of the regulations, shall bring things to the Exhibition without having entered them at the proper time, the same may, in the discretion of the Superintendent in charge of the several departments, be allowed to be brought upon the grounds, and so placed that they may be examined by the public, but shall not be classified, nor shall an official examination of them be made or premiums awarded.

Where space has been awarded to any exhibitor, the Board of Directors reserve the right in case any such exhibitor shall fail to make or maintain a creditable display, to declare the space allotted to him, or any portion thereof, forfeited. Exhibitors must arrange their exhibits in as neat and attractive a manner as possible, and neatly fill up the space allotted

ST. JOHN, NEW BRUNSWICK, 18 EXHIBITION ASSOCIATION.

SINCE LAST SEPTEMBER

I have not spent one day without intense suffering until I obtained a bottle of SCOTT'S CURE FOR RHEUMATISM. I have used part of my second bottle, and consider it the Greatest Cure for Rheumatism ever discovered. I would recommend anyone to try it, who suffers as I did. I was unable to work, or even walk, and now enjoy better health than I have for years.

Yours truly,

E. B. GREEN.

GENERAL RULES 19 AND REGULATIONS.

to them, in default of which the Directors may cancel their entries, and require the removal of the goods.

The Board of Directors reserve the right to prescribe the dimensions and regulate the position of all signs, and generally to direct the arrangement of articles on exhibition, so far as the same may be necessary to secure harmony and an attractive appearance. Exhibitors will not be allowed to distribute about the grounds or buildings hand-bills or other advertisements that may cause a nuisance. Neat cards for this purpose are recommended, as they are more likely to be kept by visitors and not thrown on the ground.

The contractor for the supply of refreshments at the Restaurant, and all persons keeping refreshment stands, must lay in their supplies before 8 o'clock, a. m., unless under special unavoidable circumstances, when permission must be obtained from the Secretary.

If any person wilfully injures or destroys any property within the Exhibition Buildings or Grounds of the Association, or hinders or obstructs the officers or servants of the said Association, or any policeman or constable duly appointed, in the execution of his duty, or gains admission to the said grounds contrary to the rules of the Association, he shall be liable to a fine of not less than one, or more than twenty dollars; said fine to be enforced and collected, as fines are usually collected, and to be paid over to the Association for its use and benefit; and in default of payment, the said offender shall be imprisoned in the common gaol for a period of not more than thirty days.

The officers of the Association have the power, by their Act of Incorporation, to enforce these Rules and to prohibit and prevent all kinds of gambling; to regulate or prevent the huckstering or trafficking in fruits, goods, wares, or merchandise on the Exhibition Grounds, or within three hundred yards thereof; and any person, who, after due notice of such rules, violates the same, shall be liable to be removed by the officers, policemen, or constable of said Association, and be subject to the penalty prescribed by the next preceding section.

FIRE AND POLICE PROTECTION.

The most careful and thorough arrangements possible have been made to guard against fire. The grounds are connected with all the Fire Stations by telephone; and with the precautions taken, it is believed the danger of such an occurrence is very remote; but exhibitors desiring insurance must give the matter their personal attention.

An ample police force will be on duty night and day during the continuance of the Exhibition. But exhibitors are expected to exercise constant supervision over their articles on exhibition, as the Association will not be responsible for loss or damage by theft, fire, or otherwise. Small and valuable articles should be exhibited in show cases, which may be securely locked when desirable.

INQUIRIES

as to the Exhibition and its arrangements, before the opening, should be addressed to the Secretary at St. John. During the Exhibition, inquiries may be made at the Association Offices on the grounds; and every officer of the Association will, when applied to, either furnish the information sought or refer the question to the proper officer.

THE PRESS.

The Press Bureau is located near the Secretary's Office, on the grounds, and will be under the supervision of a Committee.

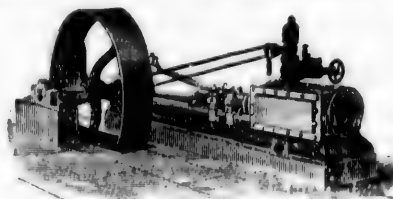

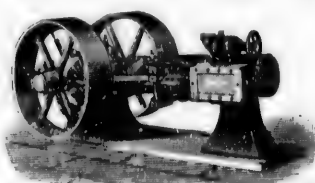

Members of the Press are cordially invited to the Exhibition. Ample accommodation will be provided for them, and all necessary information will be promptly furnished. Editors are requested to notify the Secretary two or three weeks previous to the Exhibition of the number and names of representatives they will have on duty, in order that tickets for them may be forwarded.

GENERAL RULES 21 AND REGULATIONS.

TELEGRAPH, EXPRESS, AND POST OFFICES.

The Western Union and Canadian Pacific Telegraph and the Express Companies have Offices on the grounds; and there is a Post Office at which mails are received and dispatched twice daily. The grounds are also connected with the City of St. John and other places throughout the Province by telephone.

VISITORS.

Visitors may be assured of finding on the grounds everything necessary to the convenience and comfort of young or old, during the entire day. Ample restaurants and lunch rooms, managed by experienced caterers, and under the supervision of the Board of Directors as to price and quality of food, will serve meals and refreshments during hours of exhibition, at reasonable rates. Baggage rooms for the deposit of satchels, cloaks, etc., and in charge of responsible parties, are conveniently located for the accommodation of visitors. The hotels of the city, ample for any occasion, will adhere to their regular rates; and the city authorities will co-operate with the officers of the Association in every practicable manner to ensure the safety and contribute to the pleasure of visitors.

C. A. EVERETT,
President.

IRA CORNWALL,
Secretary.

The City of Saint John, N. B.

The City affords some of the best openings on the Continent of America for the safe and profitable investment of capital.

It is the only Canadian Atlantic Seaport OPEN ALL THE YEAR ROUND, which has the ADVANTAGE OF SEVERAL THROUGH COMPETING LINES OF RAILWAY connecting it with all parts of the Continent.

The competition for the intransit traffic of this Port will be materially increased by the connection with the two additional Trunk Lines now arranging to complete their direct Lines to this City.

It is the Atlantic terminus of the only Railway running on its own metals from Atlantic to Pacific oceans.

It is the terminal Port of the "Canadian, West Indian and South American Steamship Company's Line," and of the "Furness Line" steamers to London, England, etc.

Large subsidies are offered by the Dominion and Provincial Governments, and the City Council of St. John, for the construction of a Dry Dock and other Harbor improvements.

The high tides of the Harbor offer special facilities for the construction and operation of Dry Docks, Wet Docks, etc.

The water fronts of the City afford the best of opportunities for the construction of Harbor facilities. (See "Bird's Eye View," and "View of Harbor.")

The high lands at the head of the Harbor offer unsurpassed facilities for the shipment of grain by gravitation without the construction and operation of expensive elevators.

The advantages of the City for the following purposes will be readily seen by references to the Map. As a location for Manufactories of all kinds; as a distributing centre for the wholesale trade of every branch; as the headquarters for forwarding and shipping Agents; for Agencies of all branches of Trade; as a location for erecting and conducting of First-class Hotels.

St. John is fast becoming Canada's most favored "Summer Resort."

For information, address, IRA CORNWALL, Secretary Board of Trade.

PREMIUM LIST. 23 STOCK DEPARTMENT.

ST. JOHN, N. B.
International Fair,

SEPTEMBER 24TH TO OCTOBER 4TH, 1890.

PRIZE LIST.

Live Stock ♦ Department.

COMPETITION OPEN TO THE WORLD.

Entries Close on Monday, the 1st September.

HORSES.

Entrance Fee \$1.00 per Head. Stabling Free.

Special Rules governing the exhibit of horses, in the horse ring, will be issued at the time of exhibition, and all exhibitors will be required to conform to the same.

The ages of horses will be calculated to the first January, 1890.

As it is intended to publish a Catalogue for the information of visitors, all entries must be as full and complete as possible. Numbers corresponding with those in the Catalogue will be furnished exhibitors on their arrival at the grounds, and no animal will be allowed in the ring without having its number on.

Stalls allotted horses on application to J. M. Johnson, Chairman Stock Committee.

All stall doors must be left open, so that visitors can inspect the horses between the hours of 9 a. m. and 6 p. m., and at such other times as exhibitors may find it desirable. All stalls must be cleaned out before 7 a. m., so that refuse can be cleared away before arrival of visitors.

All animals competing for prizes must be entered in the names of their *bona fide* owners or their duly authorized agents; should doubts arise, the Judges may require affidavits of ownership from the exhibitor.

In making entries, the owner's name and address in full, *the name of animal* (if named), and the age, must be given.

In the classes for Blood and Standard Bred Horses, full pedigree, properly certified, must accompany the entry, or the number of registration in the Stud Book must be given on the entry form. No animals will be allowed to compete as pure bred unless they possess regular stud pedigrees, or satisfactory evidence be produced that they are directly descended from such stock.

No horse will be allowed to enter or compete in more than one class or section; except for the diploma for the best horse or mare of any age in its class; for the special prizes in

classes 2, 5, 9, 11, and 13; for prizes for speeding in the horse ring; and in sections 1, 2, and 6 of class Six, horses entered in which may also compete in sections 3 and 4 of that class.

No horse will be allowed a premium unless sound, except in the case of stallions and blood mares injured by accidents which do not lessen their usefulness.

Horses must be shown uncovered, and in such a manner as the Judges may require or allow; and if exhibitors refuse to submit to the proper requirements of the Judges, their animals will be ruled out, but exhibitors will have the privilege of showing their horses in harness, to bridle, or under saddle, as they may prefer.

The Judges will commence their duties on the day specified for each class, but may continue their work during consecutive days at the discretion of the Stock Committee.

All horses competing for prizes in this department must be brought out for the inspection of the Judges, or for exhibition, whenever called out by the official appointed to attend to that duty.

Non-compliance with any of these rules, or the general rules of the Association, on the part of the exhibitor or his employee, shall incur the forfeiture of any premium awarded.

Exhibitors who may desire to take their horses home at night will be allowed to do so on depositing \$5 with the Secretary as a guarantee for the return of the animal next morning. If the horse is not returned by ten o'clock the next morning, the amount deposited will be forfeited to the Association.

See also General Rules at front of Prize List.

All horses competing for Prizes must be on the Grounds not later than 11 o'clock a. m. on Wednesday, September 24th. Horses may, however, be brought to the grounds any time between the 22nd of September and dates named above, for which stalls and fodder will be ready.

ST. JOHN, NEW BRUNSWICK, 34 EXHIBITION ASSOCIATION.

A PROSPEROUS INSTITUTION.

THE SUN Life Assurance Company, OF CANADA.

The First Company in America to Liberalize Life Assurance Practice.

The absolutely unconditional Policy of the SUN LIFE is the Simplest Contract of Insurance issued. No Harrassing Conditions! No Technicalities!

FIGURES SHOWING THE RAPID PROGRESS OF THIS COMPANY.

	Income.	Assets.	Life Assurance in Force.
1884,.....	\$278,379.65	\$1,274,397.24	\$6,844,404.94
1889,.....	563,140.52	2,233,322.72	13,337,983.08

The Surplus accumulated during the **THREE** years of the current quinquennium far exceeds the amount earned during any previous **FIVE** years, and the Profits to Policy-holders cannot fail to be Highly Satisfactory.

SECURE A POLICY IN THE "SUN LIFE,"
BECAUSE It has Large Assets.
It has Low Rates of Premium.
It gives Large Profits.
It issues a Liberal Contract without Burdensome Conditions.

THE ST. JOHN "SUN" SAYS.

"The *Sun's* readers will note in to-day's issue the statement of that prominent and prosperous Canadian institution, THE SUN LIFE ASSURANCE COMPANY. With low rates of premium, large interest-earning rate, and its liberal policy, its great success is easily understood."

FROM THE ST. JOHN "TELEGRAPH."

"The figures show remarkable progress. The income, assets, and life assurance in force increased 100 per cent. in the past five years. The Company's strong financial position, and the absolutely unconditional policy which it issues, doubtless account for this success."

T. B. MACAULAY, SECRETARY.

ROBERTSON MACAULAY, PRESIDENT.
HON. A. W. OGILVIE, VICE-PRESIDENT.

CATTLE.

ENTRIES CLOSE MONDAY, SEPTEMBER 1ST.

(Entrance Free. 50 Cents per head for Stalls; Under One Year, 25 Cents.)

The ages of cattle will be calculated to the 1st September, 1890.

In making entries, the owner's name and address in full, and the exact age of the animal, and its name, with registration number and name of dam and sire, must be given on the entry sheet, to appear in the catalogue.

In all classes, exhibitors, if required, must produce pedigrees at the time of Exhibition, and the animals must be registered or be eligible for registration.

Cows must be giving milk at the time of the Exhibition, or be evidently well gone in calf. All cows exhibited in the Dairy Classes must be milked dry not later than seven o'clock each evening previous to the day for judging. The Superintendent will see that this is done.

No animals may compete in more than one class or division, except for the Herd Prizes in the class to which they belong. All animals will be shown in the rings, and exhibitors must be ready to bring them out when called for.

All animals must be exhibited in the section set apart for their age. Younger animals will not be allowed to show in a section intended for older ones.

See also General Rules at front of Prize List.

All cattle must be on the grounds by 10 o'clock a. m., on Wednesday, September 24th.

Class 19.—Durhams, or Shorthorns.

(Judging to commence on Wednesday, September 24th.)

SHEEP.

ENTRIES CLOSE MONDAY, SEPTEMBER 18TH.

Entrance Free 25 Cents per Head for Pens.

In making entries, the owner's name and address in full, and age of animals, must be given. Judges are expected to be guided in their awards more by purity of blood than size of sheep and quantity of wool.

Ewes, two shears and over, in all classes except the Fat Sheep, must have raised lambs the present season.

If required, exhibitors must make a statutory declaration that the animals are of the ages stated by them.

The catalogue numbers must be placed on the sheep and pen when they arrive on the grounds.

All sheep must be on the grounds by 10 o'clock, a. m., on Wednesday, September 24th.

Class 33. — Cotswolds.

(Judging to commence on Wednesday, September 24th.)

POULTRY.

ENTRIES CLOSE MONDAY, SEPTEMBER 1ST.

Entrance Fee, 25 Cents each Entry.

In making entries, exhibitors must be careful to state the number of the class in which they are to be entered as fowls or chickens.

All specimens, except games and game bantams, must be exhibited in their natural condition.

The card of the Association will be placed upon each coop, cage, or specimen, giving the number and variety of the exhibit; but no other card will be allowed on any coop, cage, or specimen until the Judges have completed their awards.

Coops will not be provided or the poultry fed and taken care of except at the expense of the owner.

Entries for Breeding Pens must be separate birds from those exhibited in other sections.

Class 54.—Poultry Appliances.

1. POULTRY APPLIANCES.—Diploma, as recommended by the Judges.

Manufacturers cannot possibly find a better or cheaper means of introducing their goods to the public, or of keeping them before their notice, than by making an exhibit at this Exhibition, which, without doubt, will be attended by the largest number of visitors that has ever been present at any Exhibition ever held in the Maritime Provinces.

[illegible]

DOG SHOW.

ENTRIES CLOSE MONDAY, SEPTEMBER 1ST.

Rules and Regulations.

1. The word *dog*, where used in these rules, includes both *sexes*.
2. Every dog entered under these rules must be the *bona fide* property of the person making such entry on the day of closing the entries. The entry must clearly identify the dog to be exhibited by name, and, if known, its date of birth, name of its sire and dam, and the name of its breeder.

Should any of these particulars be unknown to the exhibitor, it must be so stated on the entry blank, and inserted in the catalogue.

SECTION 1. Prize winners at any show held under rules of this Association must be entered in the *Canadian Register* before prize will be given (American dogs excepted), except at discretion of Committee of this Association.

2. Every dog entered at any show held under these rules and owned in the United States must be registered with the American Kennel Club before being allowed to compete.

3. If the name of a dog which has won a prize has been changed, the old name must be given on the entry blank and inserted in the catalogue, together with a list of all prizes won by the dog until such time as it wins a prize under its new name.

4. If a dog has been entered without being clearly identified as directed in rules 2 and 3, it shall be disqualified and forfeit any prize which may have been awarded to it.

5. The breeder of a dog is the person owning or leasing the bitch at the time of her being bred.

6. A puppy is eligible for competition in either the puppy or open class, or both, unless prohibited by the special rules of any show, but a separate entry must be made for each class.

7. The authorities of the show may reserve to themselves the right of declining any entries they may see fit, or of removing any dog on account of disease, vice, or other cause.

8. A castrated dog or spayed bitch shall be disqualified and forfeit any prizes which may have been awarded it.

9. Total blindness, deafness, or lameness shall absolutely disqualify. If the judge or veterinary surgeon is satisfied that the deafness or lameness is temporary the dog shall be allowed to compete.

10. A dog suffering from mange or any contagious disease shall be disqualified and forfeit any prizes which may have been awarded to it, and shall at once be removed from the show building. The regularly appointed veterinary surgeon shall alone decide as to mange or contagious disease, and his decision must be given in writing.

11. A judge may disqualify a dog which, in his opinion, has been improperly tampered with, subject to the decision of the veterinary surgeon. Should the judge's disqualification not be sustained, the class must be immediately rejudged.

12. Full discretionary power is given to the judge of each class to withhold any or all prizes for want of merit. The judge's decision will be final in all cases affecting the merits of dogs, and appeals can only be entertained where misrepresentation or breach of the rules is discovered.

ST. JOHN, NEW BRUNSWICK, 64 EXHIBITION ASSOCIATION.

13. Should any appointed judge be unable to fulfil his engagement, the Committee shall have the right to fill the vacancy in such manner as they see fit; all the separate classes of any one breed of dogs must, however, be adjudicated upon by the same judge or judges acting in conjunction.

14. In any class where there is a limit of weight, the person in charge of dogs entered in such a class may claim of the Show Committee the right at any time before the judging to have his dog weighed, and the weight of the dog shall be registered and hold good to the time of judging.

15. No dog eligible for special prizes can be withdrawn from competition unless it has been stated on the entry blank, "Not to compete for special prizes."

16. No special prizes can be accepted or offered by a Show Committee after the show is opened.

17. The age of a dog shall be calculated up to and inclusive of the day preceding the show. A dog whelped April 30th shall not be eligible on May 1st, of the following year, to compete in a class for dogs under twelve months of age.

18. An objection to a dog may be made by any person, but must be in writing, and be lodged with the Secretary of the show within ten days of the last day of the show. The objection must (unless in the case of an objection made in the name of the Committee of the Association, in which case a deposit shall not be necessary) be accompanied by a deposit of five dollars, and if the objection is decided to be frivolous, the deposit shall be forfeited to the Committee of the show.

19. Any person who has been guilty of misconduct of any kind in connection with dogs, dog shows, or field trials, may be suspended by the Committee of any show. The disqualification of an owner shall apply to all dogs connected with the perpetration of a fraudulent act, but the Committee may use such discretion in the enforcement of this penalty as shall protect innocent persons.

20. No person under suspension or sentence of disqualification can exhibit or take a prize at any show held under these rules.

21. Entries made in the name of a kennel must be accompanied by the name of the actual proprietor or proprietors, but not necessarily for publication. The partners in the kennel will be deemed equally culpable in the case of fraud perpetrated in the kennel's name.

22. The person presenting the identification ticket shall be recognized as the agent of the owner in the latter's absence, and his receipt for prize money shall be binding on the owner unless notice to the contrary is endorsed on the identification ticket.

23. All prizes offered by the Association or Committee in charge of a show must be paid in accordance with description given to them in the premium list.

24. Exhibition Committee may adopt such regulations as they see fit, provided they do not conflict with the foregoing rules.

ADDITIONAL RULES.

1. No dog will be received before 12 p. m., Tuesday, September 23, or after 9 a. m., Wednesday, September 24th.

2. The Bench Show Committee will use due diligence for the care and safety of all dogs exhibited. Watchmen will be kept on duty day and night, but it must be distinctly understood by all exhibitors that the management will not be responsible for loss or damage to any dog exhibited, whether the result of accident or other cause.

3. It is desired that with each entry the exhibitor will state the price for which he will sell his dog. A prohibitory price will be permitted.

4. An entry fee of \$1.00 will be charged for each dog entered, Litters of puppies eight weeks old or under may be entered for exhibition only. The entry fee for such litters will be \$1.00. The entry fee must in all cases accompany the entry, and includes care and feed of dogs during the exhibition.

5. All entries must be made on blanks furnished by the Secretary, and can be had on application at his office, St. John.

6. The entries close on Monday, September 1st, 1890, and as soon thereafter as practicable each exhibitor will receive a ticket of identification and a numbered tag corresponding with the stall number of his dog. When the dog is brought to the Exhibition Hall the tag must be attached to the collar, and the person accompanying the dog must show his ticket of identification, before the animal will be received. Therefore, exhibitors are requested not to lose their tags, nor to put them on the dogs, when practicable, until just before presenting them at the door. In case of dogs coming by express, the tag must be firmly nailed to the crates, and where there are more than one of the same breed in one crate, duplicate tags should be made out and attached to their collars.

7. No dog will be permitted to pass out of the building at night until its owner shall deposit five dollars with the Superintendent which will be returned, on the return of the dog next morning before 9 o'clock. If prize winners are taken out and not returned, the prizes awarded them will be forfeited.

8. No dog will be received unless supplied with a suitable collar and chain.

9. The show will be open from 9 a. m. until 11 p. m. each day.

10. No dog can be permanently removed from the building until 6 o'clock on Saturday night, October 4th, except by consent of the Superintendent.

11. Exhibitors can send dogs by express upon prepayment of the companies' rates. Boxes must be addressed to the Secretary, Exhibition, St. John, N. B. A return label should be attached to the box, with the name and address of exhibitor; also name of the express company by which the box should be returned.

12. Exhibitors will be allowed to exercise their dogs from 8 a. m. until 9 a. m., and from 6 p. m. until 7 p. m. each day, and at no other time.

For Tourists and Health Seekers

The Summer Climate of St. John cannot be excelled upon this Continent, while the various avenues for reaching the City by land and water place it at the head of Economical and Popular Resorts.

The City of St. John, New Brunswick, the Canadian Atlantic Seaport, open all the year round. The attention of Capitalists, Manufacturers, Exporters, Importers, Summer Tourists, Health Seekers, and others, is called to the advantages offered for their several interests by this City. For full information, address IRA CORNWALL, Secretary Board of Trade, St. John, N. B.

The "Special Attractions Committee" are preparing an extensive list of the very best drawing attractions for the entertainment of visitors, which will be published through the press and the Association's Programme later on.

ST. JOHN, NEW BRUNSWICK, 68 EXHIBITION ASSOCIATION.

THIS fairly illustrates the Dainty and Exquisite Character of the Wool Dress Goods, Silks, and Trimmings to be obtained at the **LONDON HOUSE RETAIL**. Nearly every design that has Any Pretensions to Novelty and Good Taste can be found there.

**COR. CHARLOTTE
AND UNION STREETS.**

DANIEL & ROBERTSON.

A. CHIPMAN SMITH.

ESTABLISHED 1791.

STRUAN ROBERTSON.

A. CHIPMAN SMITH & Co.

(SUCCESSORS TO WILLIAM O. SMITH),

Druggists AND Apothecaries,

No. 1 City Market Building, Charlotte Street,

—*— SAINT JOHN, N. B. —*—

BRANCH STORE AT BATHURST, N. B.

KEEP CONSTANTLY ON HAND

Fine Drugs and Chemicals, Materia Medica,

DRUGGISTS' SUNDRIES, DYE STUFFS,

Perfumery, Soaps, Brushes, Combs, Etc., Etc.

Special Attention and Personal Supervision given to the Compounding of Physicians' Prescriptions, and fitting of Ships' Medicine Chests.

Dairy Products AND Utensils, Etc.

ENTRIES CLOSE SEPTEMBER 1ST.

Entrance Fee, 25 Cents each Entry.

A written declaration will be required from each prize taker that the cheeses shown were made in the factory named. The latter also applies to creamery butter.

Any exhibitor misrepresenting as to dates or otherwise will forfeit any prize that may be awarded to him, her, or them.

Any factory or manufacturer can compete in all sections, but no factory or manufacturer can compete under different names in the same section.

§ All Cheese and Butter exhibited must be salted with some improved Dairy Salt, and with a view of securing a uniform salting of the butter exhibited, it is recommended that seven-eighths of an ounce of salt be used to each pound of butter.

Exhibitors in this Department, who do not desire to come with their exhibits, can address them to the Secretary Exhibition Association, St. John, N. B., from whom they will receive every care and attention.

§ The Cheese and Butter exhibited at the St. John Exhibition is always sold on the spot at good prices. Not a pound of it need be taken home again.

Messrs. Manchester, Robertson & Allison, OF ST. JOHN, N. B.

OFFER THE FOLLOWING PRIZES FOR BUTTER,

With a view to stimulate and increase the knowledge of Good Butter-Making in the Maritime Provinces, and their wish is that the money should go to the Farmers' Wives and Daughters.

SEC.	1st.	2nd.	3rd.	4th.
1. Butter, Best (to be in Crocks or Firkins of not less than 25 pounds weight),	\$50	\$30	\$20	\$10

GIRLS' PRIZE.

2. Butter, Best, made by Farmers' daughters, not over 16 years of age (to be in Crocks or Firkins of not less than 15 pounds weight),	20	10	5	
---	----	----	---	--

The above Prizes will be given each Province: New Brunswick, Nova Scotia, and Prince Edward Island.

Each Province to compete separately, and will be judged by an unprejudiced expert. Butter must be the product of a *bona fide* Farmer who is engaged in no other business.

SEC.	3. A further prize of \$50, to be called the Sweepstake Prize, will be given for the best 30 pounds weight of Butter, or over, (in Crocks or Firkins).
------	--

This Prize will be open to all three Provinces, and will not be confined exclusively to Farmers, but must not be Creamery Butter.

We should esteem it a favor if you will send us the addresses of any friends to whom you would like this Prize List sent.

THE Liverpool AND London AND Globe INSURANCE COMPANY.

The Financial strength and wonderful progress of the Company during the last twelve years, is shewn by the following statement, condensed from the Annual Reports:

YEAR.	FIRE PREMIUMS.	SPECIAL FIRE RESERVES. (including balance to credit of profit and loss at end of preceding year).	TOTAL ASSETS.
1878,	£1,052,465. 3·9	£1,335,140.15· 3	£5,814,366.18· 0
1881,	1,069,592. 6·1	1,644,579.14· 1	6,499,007.18· 5
1884,	1,271,478.13·2	1,959,481. 4·10	7,149,605. 1· 0
1887,	1,289,594.10·1	2,278,553.16·10	7,817,852.19·11
1890,	1,348,057.10·7	2,584,798.14· 4	8,390,491.11· 9

Total Assets, 31st December, 1889, as shewn in the fifty-fourth Annual Report, May 21, 1890, £8,390,491.11·9, or upwards of FORTY MILLIONS OF DOLLARS.

Assets in Canada, 31st December, 1889, as shewn in the Report of the Superintendent of Insurance, \$1,131,269·78.

The Company's success is due in great measure to its prompt and fair settlement of claims, not merely at the great conflagrations, such as Chicago, Boston, and St. John, but wherever losses have occurred

HEAD OFFICE FOR THE MARITIME PROVINCES:

Agricultural Products.

ENTRIES CLOSE SEPTEMBER 1ST.

Entrance Fee: Ten Entries and under, 50 Cents; over ten Entries, \$1.00.

All the grain, seeds, and other agricultural products in Classes 57 and 58 must be the growth of 1890, except clover, which may be the growth of 1889.

The names of the different varieties of wheat and other grain and seeds must be inserted by each exhibitor in his list of entries.

The roots must be certified as of field culture by the exhibitor, except potatoes, which are open to all.

All grain, field roots, and seed exhibits must be in the hall by 9 a. m. on Wednesday, September 24th.

The Agricultural Hall will be closed at 6 p. m. on Saturday, October 4th, after which hour exhibitors will be allowed to remove their exhibits.

SPECIAL PRIZE,

OFFERED BY THE MARITIME AGRICULTURIST,

ROBERT JARVIS GILBERT, Publisher and Proprietor, Dorchester, N. B.

A SILVER GOLD-LINED CUP,

To be awarded to any son of a farmer residing in the Maritime Provinces, for the best essay written by him on the subject:

"The Best Means of Inducing the Boys to Remain on the Farm."

All essays to be sent to the Secretary of the Exhibition Association, St. John, N. B., on or before the first day of September, 1890, and judgment to be passed by Editor of above Journal, and two Directors of the said Exhibition. The successful candidate will receive his prize during the holding of the Exhibition, and his essay will be published in the columns of the Agriculturist in the issue following the closing of the Exhibition.

THE EXHIBITION ASSOCIATION, in addition to the above prize, will award a **First-Class Diploma** under the same conditions of competition.

Class 57.—Field Grains, Etc.

25. Extra Entries.			

Horticultural Department.

ENTRIES CLOSE MONDAY, SEPTEMBER 1ST.

Fruits, Vegetables, Plants, Flowers, Etc.

Entrance Fee in this Department: Ten Entries and under, 50 Cents; over ten Entries, \$1.00.

The entries in this department will be exhibited in the Horticultural Hall.

Competitors can only make one entry and receive only one premium in each section.

All articles to be correctly named and properly labelled.

In arranging the fruits on the table, exhibitors will be required to place the varieties, as far as possible, in separate groups. When a certain number of varieties is specified, there must be neither more nor less. Premiums will be withheld if the samples are not worthy.

All plants, flowers in pots, cut flowers, and fruit, must be delivered and arranged on the tables by 9 a. m., on Wednesday, the 24th of September. Exhibitors must arrange their fruits on that day, as the Hall must positively be open to the public by 9 a. m. that morning. The Hall will be lighted at night for that purpose.

All articles once in the Hall are under the control and subject to the order of the Committee or Superintendent in charge of the Department, and cannot be removed or withdrawn without permission. All persons may be excluded from the Hall, if the Superintendent of the Department sees fit, until the awards are made.

By a variety of fruit is meant an established variety, known as such to pomologists. New varieties, with only local names, are classed as seedlings.

Exhibitors must furnish the Superintendent of the Department, as soon as they arrive, with a list of their entries, so that proper space may be reserved.

Exhibitors are particularly requested, in order to avoid unnecessary labor, to enter only such articles as they intend to exhibit.

The Horticultural Hall will be closed at 6 p. m. on Saturday, the 4th October, after which hour exhibitors will be allowed to remove their exhibits.

ST. JOHN, NEW BRUNSWICK, 74 EXHIBITION ASSOCIATION.

Fruit by Professional Nurserymen.

Professional Nurserymen who may wish to make special exhibits of fruits will be granted such space as they may require for that purpose, and where the Judges deem the exhibits worthy, diplomas will be awarded.

Class 60. Fruit. General List. Apples and Pears.

Honey and Apiary Supplies.

All honey exhibited must be the production of the exhibitor.

Exhibitors selling honey during the exhibition (for which right a small fee will be charged) will not be allowed to make any removal from their regular exhibit, but may have a special supply at hand from which their honey sold may be taken.

Exhibitors offering comb honey for sale will not be allowed to cut the sections, but must sell whole sections, put up securely in manilla or paste board boxes or bags, and purchasers notified not to eat it in the building.

Exhibitors must not interfere with or attempt to influence the Judges in the execution of their duties.

A breach of these Rules will forfeit any prizes that may be awarded.

(See also General Rules at beginning of Prize List).

Manufactures and Industrial Department.

AGRICULTURAL IMPLEMENTS.

ENTRIES CLOSE SEPTEMBER 1ST.

Entrance Fee, 25 Cents each Entry.

Agricultural implements exhibited should be labelled with the name of the exhibitor, name of the machine, its use, and the retail price; and they should be the same in construction and finish as those sold to the farmer, and not specimens got up for the Exhibition.

The Implement Building is fitted throughout with shafting, so that exhibitors can show their machines in operation.

Exhibitors of portable engines *driving the shafting of the Association* will be furnished fuel free of charge.

No Charge is Made for Space or Power.

In the Implement Department, at the request of the manufacturers, no prizes will be awarded. Articles in this department will therefore be received for exhibition only, not in competition for prizes. They must, however, be entered with the Secretary in the same manner as articles in other classes.

Class 69. — Agricultural Implements.

1. Grain and seed drills of all kinds.
2. Mowing machines.
3. Reaping machines.
4. Horse and steam-power threshers and separators.
5. Fanning mills.
6. Hay working implements.
7. Portable grist mills.
8. Grain and corn crushers and grinders.
9. Horse-powers of all kinds.
10. Machines for cutting and pulping roots.
11. Straw cutters.
12. Steam ploughs and cultivators.
13. Iron and wooden ploughs of all kinds.
14. Horse-hoes and cultivators.

Fine Art Department.

ENTRIES CLOSE SEPTEMBER 1ST.

Entrance Fee, 25 Cents each Entry.

Every work must be the production of the exhibitor and bear the artist's signature, and all work exhibited must be original. Evidence of originality to be furnished by the exhibitor whenever required by the Judges or the Committee.

The works of professional artists, or amateurs, and of educational institutions, will be classed and hung separately.

Amateur artists are to be understood as those who *do not* paint or teach for a livelihood or for profit or habitually sell or offer for sale their productions; and who have not at any time heretofore done so. This also applies to amateur photographers.

No exhibitor will be allowed to accompany the Judges when they are examining the exhibits, or to attempt to influence them in any manner in their decisions.

All pictures must be delivered at the Art Department not later than Tuesday, September the 23rd, in order that they may be properly arranged and hung before the opening of the Exhibition. Exhibitors are particularly requested to give the size of their pictures on the entry paper.

The Association would be glad to receive a few pictures of superior merit to assist in forming a loan exhibition; and to gentlemen who may be willing to assist the Association in this respect, the Committee will undertake to collect such pictures, to insure the same during the Exhibition, and to return them in good order at the close.

Special Notice.

Exhibitors who cannot bring their exhibits to the Exhibition can send them by express, prepaid, addressed to the Secretary, who must be notified by the exhibitor, by post-card, or otherwise, when the goods are sent to him. Entries should be correctly marked for the classes.

PROFESSIONAL LIST.

| 9. Best collection illustrative of the various processes and progress of photography since its discovery, | " |

Ladies' and Children's Department.

Entrance Fee: Five Entries and under, 25 Cents; Over Five entries, 50 Cents.

All articles competing in this Department, except in Class 1st, must be the work of the exhibitor, strictly the production of ladies or children, and entered in the name of such.

The Judges will give preference to articles which have not previously been exhibited.

The Directors reserve the right to withhold prizes where there are not more than three entries in a section.

Any exhibitor may be required by the Directors, if the question is raised, to make a statutory declaration that the work exhibited by her is of her own make.

In the competition for prizes offered for Collection of Work, the exhibits must be of sufficient merit, and the number of different articles exhibited sufficient to satisfy the Judges that they are worthy of the prizes offered.

The term "Professional" is intended to apply to those who make work for sale, or who are accustomed to sell their work; and the term "Amateur" applies to those who make work for use in their own homes or who do not make work to sell.

All Exhibitors in this Department who do not desire to come with their exhibits can forward them by express, prepaid, to arrive not later than September 23, addressed to Secretary, Exhibition Association, St. John, N. B., from whom they will receive every care and attention.

Class 118 — For Professionals and those who sell work, including Proprietors of Ladies' Work Repositories, Etc.

Additional Rules and Regulations

Adopted at a meeting of the Directors held June 30th, 1890.

The admission to the buildings and grounds will be by tickets, to be purchased at various places throughout the City, which will be duly advertised, also at the ticket office opposite the Exhibition Buildings.

Admission will be by means of registering turnstiles for the general public, and each person must be provided with the proper ticket before entering.

Exhibitors, attendants, members of the press, judges and Exhibition officials, will be admitted only at the entrance provided for that purpose, and cannot be admitted by the turnstiles.

The price of admission at the Exhibition Buildings will be 25 cents for adults and 15 cents for children under 12 years of age.

Tickets for the grounds at Moosepath will be charged 25 cents, including fare by rail from the Exhibition Buildings to Coldbrook and return.

All tickets for the grounds at Moosepath will be good only until 12 o'clock on race days. The grounds after 12 o'clock on those days will be under the sole charge of the Moosepath Driving Park Association. (Race days: Wednesday and Thursday, September 24th and 25th, and Monday and Tuesday, September 29th and 30th.)

Exhibitors' and attendants' tickets will be sold at \$1.00, good for the entire term of the Exhibition, granting admission three times each day.

As these tickets are positively not transferable under any circumstances, exhibitors who may desire to change their attendant must have their tickets exchanged at the office. The names of all attendants must be written on the tickets, and no ticket will be accepted at the gates until the name of such attendant has been written thereon in ink.

The attendants' tickets issued for the Exhibition Buildings will not admit attendants to the grounds at Moosepath, and those issued for the grounds at Moosepath will not admit attendants at the Exhibition Buildings.

The entry ticket upon animals or articles will admit the person bringing them to the Show Grounds for exhibition, along with such animals or articles, on their first entering, without the use of any other ticket; but afterwards such parties must be provided with regular passes as above, or they will have to pay the regular admission fee.

Judges and members of the press will be furnished with tickets and badges, the latter being intended only as a means of showing their official connection with the Exhibition, and not for the purpose of securing admittance to the grounds.

No Passes. No Checks. No Money Taken at the Gates.

St. John Board of Trade.

As the Exhibition Association (under the auspices of which Canada's International Exhibition is held) met with its inception in the St. John Board of Trade, it may not be out of place to refer briefly to that body in the first Prize List issued by the Association.

This Corporation, under the title of "Chamber of Commerce," was organized during April of 1819, and is therefore one of the oldest, if not the oldest organization of this kind in Canada. It was continued under that title until the year 1872, when it was incorporated as the St. John Board of Trade, and is now composed of the following officers and members, comprising representatives of all the leading lines of business in the City.

OFFICERS AND COUNCIL OF THE BOARD OF TRADE FOR 1890.

LIST OF MEMBERS.

President, J. DEWOLFE SPURR.

Treasurer, G. J. CHUBB.

Vice-President, GEO. ROBERTSON.

Secretary, IRA CORNWALL.

H. J. THORNE.

W. H. THORNE.

JAR. F. ROBERTSON.

W. S. FISHER.

ROBT. CRU' SHANK.

W. FRANK HATHEWAY.

JOHN McMILLAN.

S. S. HALL.

W. E. VROOM.

HON. WM. PUGBLEY.

JOHN SEALY.

JOHN D. HOWE.

C. A. EVERETT.

W. MALCOLM MACKAY.

G. WETMORE MERRITT.

A. CUSHING.

NAME.	FIRM.	BUSINESS.
Alward, Elias.....	Barrister.

Youngclaus, T.		

The Board of Trade, composed of the leading and most enterprising citizens of St. John, has been identified with almost every public undertaking of importance since its first organization, and from the report made at their last annual meeting we make the following extracts, showing the wonderful strides made by St. John during the twelve months preceding.

"There are a number of items in the progress of the City of St. John during the past year which are worthy of note, as follows: The completion of the union of the cities of St. John and Portland, now making this at least the fourth largest of the Canadian cities, and with a probable population of 50,000. Increased railway facilities, by the opening of the Canadian Pacific Railway, the shortest possible route to Montreal and the West; the Temiscouata Railway, the shortest route to Quebec; the Central Railway, opening up an important section of the Province, also with the immediate prospect of another independent outlet to the west by a connection which is proposed between the Maine Central Railway and the Short Line Railway.

"Improved steamship service between this City and Digby and Annapolis, N. S., by the placing of a first-class freight and passenger boat on that route, which is owned and operated by our own citizens.

"Increased facilities for an important export and import trade, by the awarding of a contract to a New Brunswick company for a direct line of steamship communication between this city and the West India Islands.

"Immediate prospects of a first class line of steamers to run between this city and New York, giving us additional facilities for both the export and import trade, as well as that with the western provinces."

Since that time not only one, but two, first-class lines of steamships have been placed on this route.

"Increased express facilities by the opening of the agency of the Dominion Express Company. Increased telegraphic facilities by the opening of the connection with the Canadian Pacific Telegraph Company. Increased telephonic connection direct with Moncton,

ST. JOHN, NEW BRUNSWICK, 106 EXHIBITION ASSOCIATION.

Fredericton, and intermediate points. Improvement in our harbor facilities by wharf extension made at Long Wharf, affording additional deep water wharf accommodation, and direct connection with the two principal lines of railway."

"In reference to the business in general of the city, it can safely be said that both the wholesale and retail trade are in a healthy condition and show a most satisfactory expansion.

"The development of the manufacturing interests in the city are of the most encouraging nature. Notwithstanding the fact that most of the following establishments have materially increased their facilities, they are, with scarcely an exception, running full capacity and with large orders on hand: railway car works, rolling mills, brass and iron foundries, nut and bolt works, carriage spring and axle works, engine and boiler works, nail and tack works, horseshoe nail works, iron foundries, skate factory, edge tool factories, slate mantel works, saw and lead works, paint and varnish works, carriage manufactories, brick works, potteries, trunk factories, brush and broom factories, bedding factories, furniture factories, sash, door, and blind factories, planing mills, pump factories, cooperies, ships' block works, tanneries, boot and shoe factories, larrigan factory, hatters and furriers, cotton factories, woollen mills, knitting factories, tailors and ready made clothing factories, shirt factories, straw hat factories, manufacturers of lumbermen's outfits, brewery, aerated and soda water manufacturers, flour and meal mills, bakeries; biscuit and confectionery works, tobacco and cigar factories, syrup and essence manufacturies, soap manufacturies, agricultural implement factories, vinegar factories, spring bed and mattress factories, spice and coffee mills, boot and shoe tree and last factories, match, box-packing case and washboard factory, boat builders, bridge and turn-table manufacturers, excelsior factories, lumber mills, turners and wood working factories; lime quarries, granite polishing works, paper manufacturers, printers, publishers, bookbinders, wood and copper-plate engravers, steam lithograph works, jewellers, sailmakers, roofing paper manufacturies, paper box and bag manufacturies, fishing rod manufacturies, saddlers and harness makers. In fact, almost every line of manufactures and industries are represented in the city and are generally in a prosperous state. The leading and representative houses in nearly all these branches are represented on this board, a list of the members of which appears on pages 101 to 105.

"Several items particularly worthy of note are the large number of vessels that have undergone repairs in our graving docks and the amount of work given to our people.

"The material improvement in ocean and coastwise freights has given more profitable employment to the large amount of shipping owned in this city.

"The large increase in the output of lime and the remarkable development in this industry is employing both men and capital with good profit. The shipments of this article to the United States alone, in one month, reached 20,000 barrels, and the trade still continues to increase.

"A very large and rapid growth of the shipments of fish to the western provinces, and the prospect of continued increase through the admirable packages and excellent reputation our shippers are now making for their goods."

"There are few places that have passed through so many trials, including several disastrous fires, and the loss of our principal industry, shipbuilding, through the substituting of iron for wooden ships, within that time, that can show as permanent and substantial progress as we can to-day.

"With a fine and substantially built city, and an increased population employed by new industries as profitably as they were under the old; with our merchants and manufacturers, not only holding their own at home, but extending their trade to all parts of the Dominion, as well as doing a large and growing import and export trade, we consider that we are entitled to a high rank among the cities of the Dominion."

Every facility for business at the St. John Exhibition.

PREMIUM LIST. 107 CITY OF ST. JOHN.

In reference to THE CITY OF ST. JOHN AS A COMMERCIAL CENTRE, "The Montreal Daily Herald," of June 24th, 1889, says :—

ST. JOHN.—*A Maritime City Ranking Among the Leading Shipping Ports of the World.—The Financial, Manufacturing and Mercantile Metropolis of New Brunswick.—A City of Magnificent Proportions, Solid Business Blocks, and Immense Trade.—The Intercolonial Railway Station, Custom House, Post Office, Churches, and Massive Warehouses Among the Finest in the Dominion.—The River St. John with its Tributaries Drains Two Million Acres in Quebec, Six Millions in Maine and Nine Millions in New Brunswick.—Its Harbor, enormous Wharfage Area, and Extensive Wholesale Maritime Pursuits Serve to Swell the Grand Volume of its Annual Trade.*

ST. JOHN SHIPPING.—*1,009 Vessels Representing 237,078 Tonnage, Registered for New Brunswick, January 1st, 1889.—St. John Shows 601 Vessels of all Classes, Registering 193,245 Tons, Amounting to 60 Per Cent. of the Total Number of Vessels and Over 80 Per Cent. of the Gross Tonnage.*

* * * * *

Twelve years ago the 28th of this month, the City of St. John, New Brunswick, was devastated by the most destructive conflagration ever recorded in the history of Canada.

* * * * *

From out of the debris of this whirlwind of fire has been reared one of the handsomest cities in the Dominion. The indomitable and heroic will power and magnificent enterprise of its capitalists, merchants, and citizens tore away the blackened barriers of the ruins and at once began the rebuilding of their fair city with brick and stone, instead of wood as formerly.

And this new St. John is a modern city.

It has made phenomenally rapid progress, and its shipping is found in all parts of the world. It is the fourth city in the Dominion in point of population. It also represents the best and highest attainments of the architects' and builders' arts in its massive commercial structures, warehouses, railway station, post office, schools, churches, and other public and private buildings.

* * * * *

St. John is essentially a maritime city. Its harbor is one of its greatest features, and its capacious wharves are always in demand. It is the only port on the North American continent's eastern coast line between Hatteras and Labrador that is free from ice during the winter months.

A committee recently organized by the St. John Board of Trade to investigate the question of ice in winter and other important features relating to the advantages of this port, reported to that body as follows :

"The ice which forms on the St. John River and its tributaries terminates at the Narrows, some three miles above the falls, which are situated about a mile above St. John harbor, and is completely debarred from escaping into the harbor by these Narrows, so that there is no shell or anchor ice in the harbor in fall or winter, and in spring the thick heavy ice of the river is thoroughly rotted before breaking up and coming through the falls, and any remnants of any considerable size are thoroughly pulverized in coming over the falls ; and as to the formation of ice *within* the harbor, it is impossible, owing to the great rise and fall of tide. Again, there is never any field ice in the Bay below this port. This can hardly be said of any other port on the coast north of Baltimore ; in fact there is *no port* north of Baltimore, including Philadelphia, New York, Boston, Portland and Halifax, that have not been frozen over, and had vessels cut out of the ice in them, *except St. John.*

St. John ships and trade are found in all large ports of the world. It is the largest lumber distributing centre in the Lower Provinces, while naval stores and other export and coastwise products figure extensively in its shipping industries.

St. John Harbor Never Freezes, and Always Safe.

ST. JOHN, NEW BRUNSWICK, 108 EXHIBITION ASSOCIATION.

In reference to the advantages of SAINT JOHN AS A SEAPORT the following extracts, taken from the columns of the Toronto "Daily Globe," written by their special commissioner, places the matter most clearly.

And now I come to the new line of ambition, along which all the energies of the city are being urged. St. John wants to become the winter port of the Dominion of Canada. In this matter her rivalry with Halifax runs high. Without prejudice, as the lawyers say, let me present St. John's claims. As regards its location little need be said. The completion of the C. P. R. has given St. John's claims the right of consideration. Until the city had a direct railway system she made no attempt to take rank as a seaport. Now she claims to be the most eligible of North American ports on the Atlantic for the export and import trade for the northern half of the continent and the through traffic to and from Asia and the East Indies. There is only one other important Atlantic port that is so near to Europe. In the length of the Atlantic voyage it has 80 miles the advantage of Portland, 200 miles over Boston, 440 over New York, 575 over Philadelphia and 750 over Baltimore. As compared with other Canadian ports it is 120 miles nearer Liverpool than Quebec by the usual Cape Race route and 280 miles nearer than Montreal. Halifax alone has an advantage in water carriage of 200 miles, but it is more than offset by a greater excess of land carriage. And, too, Halifax has no competing lines of railways. St. John has. St. John's harbor is the only harbor north of Cape Hatteras where navigation has never been impeded by ice. Trade by the Nova Scotia ports is not only subject to the common delays caused by bad weather, but the delays also by snow blockades on the single line of railway with which they have connection. In this respect St. John claims to be practically free from both risks. Besides the competition of the two important railways having their Atlantic terminus in St. John there is an almost daily service of first-class freight and passenger steamers running to Portland and Boston, and also two lines directly to New York, giving an independent connection with the lines entering those cities. Further, two other lines of railways are making preparations to enter St. John. Considering the question of time, which is the all-important one, a steamer coming direct to St. John would arrive just about the same time as her mails and passengers could get here via Halifax by railway. The time being the same, barring delays, their probability by the competing routes must be looked into. So far as St. John is concerned there is only one risk, delay owing to snowstorms and fogs. By Halifax there is the same risk and the further danger of delay by snow blockades on the railway to St. John, which has often been experienced, and has necessitated the detention of the homeward bound steamers at Halifax several days waiting for the Canadian mails to get through. St. John people also claim that, with regard to fogs, to which both the ports spoken of are equally liable, while neither snow nor fog would hinder an ocean steamer entering St. John harbor, the entrance to Halifax harbor is so dangerous that no prudent captain would attempt to make an entrance there except in clear weather, and that even mail steamers have been detained outside Halifax harbor for four or five days, an unknown occurrence at St. John.

I have hardly introduced this wide discussion that is now being carried on down here, but my space will not allow of any more lengthened presentation. The splendid harbor of St. John is approached from the Atlantic by the Bay of Fundy, a stretch of water which, through ignorance and malice, has been grossly misrepresented, even of recent years. It is, in fact, one of the most secure havens in which a ship or steamer can find itself in any weather. The records of casualties in it are infinitesimal when compared with the enormous number of vessels which have traversed it in the last one hundred years. And of such disasters as there have been, the greater portion has been due to negligence, bad judgment, and other preventable causes. With plenty of sailing room, good soundings, simple tides and an absence of rocks, reefs and shoals, it is as safely navigated as any bay of its size in the world. The fog is much less prevalent than strangers are led to suppose, and any danger from that source is more than amply guarded against by the number of lighthouses, steam whistles, automatic buoys and other devices, which are found all along the coast.

The "Herald" of the same date contains the following reference to
 THE RIVER ST. JOHN.—*A Landscape Panorama Fit for the Gods.—A Theme for the Song of Poets, the Praise of Scholars and the Admiration of Tourists.—The Scenic Glories of the Rhine and the Beauties of the Hudson Combined.*

The breadth, scope, and ensemble of the St. John River, between the leading city of the Maritime Provinces and Fredericton, presents a scroll from nature, a fitting panorama for the gods.

It is one grand array of classical natural beauty, with its hills and vales, and rolling bottom lands, gorgeous in vivid colours, and much of it at this time clad with all the glorious promises of a fruitful harvest. This river should be one of the most admired features of landscape beauty on the North American Continent. The Hudson is praised for its majestic splendors, and the Rhine of Germany is exalted for its special attractions, but after all, there is but one St. John. This special and favored location in the conformation of the universe, bounded for its entire length with the grandest outlines and perspectives, had it the central geographical location of the above comparisons, would go down in history as among the greatest of picturesque water courses of the world. Tell me, will you, what you can find on the Rhine that compares with the natural features which nature has sketched upon the canvass along the section through which the St. John flows to the sea. Stretching back from its confluence with the Bay of Fundy, for hundreds of miles towards its source, are rolling hill lands, short promontories, productive levels, and a sky that rivals in its loveliness the varied colors of the Adriatic.

Tradition, upon which the Rhine lives, is largely a fable. The Baronial and castellated ruins that shone in their splendor centuries ago, and with which the Rhine is occasionally favored, arouse no special enthusiasm in the eyes and heart of the student and lover of nature, young or old. Its turreted peaks and ice crowned glaciers are beyond the grasp and quick appreciation of the hurrying traveller. There is, in brief, nothing in all this enraptured with one's love of color, of one's admiration for the wooded, undulating, and well defined coast-lines and grass bearing interval lands with which the St. John abounds, all of which can be received and enjoyed by every live sense of the eye, the heart, and the brain. The Rhine or Hudson can boast of no long-breathing stretches of arable low lands covered with bush grasses, or rising uplands and distant hills; on the other hand they abound in rock and mountain. Nature beats in unison with the Creator and man along the St. John.

Other writers have called the River St. John the Rhine of America, and that those who would enjoy a *tranquilizing and luxurious journey* through a beautiful farming country, *abounding in diversity of scenery*, should make a trip on this river.

The Rev. T. DeWitt Talmage, in a recent sermon delivered at the Tabernacle in Brooklyn, New York, said of this river:

"I was sailing down the St. John River, Canada, which is the Rhine and the Hudson commingled in one scene of beauty and grandeur, and while I was on the deck of the steamer a gentleman pointed out to me the places of interest, and he said: 'All this is intervalle land, and it is the richest land in all the Provinces of New Brunswick and Nova Scotia,'"

"What," said I, "do you mean by the intervalle land?" "Well," he said, "this land is submerged for a part of the year; spring freshets come down and all these plains are overflowed with the water, and the water leaves a rich deposit, and when the waters are gone the harvest springs up, and there is the grandest harvest that was ever reaped."

For quick despatch ship via St. John.

A Pamphlet issued by the Board of Trade, showing the wonderful record of safety in navigating the Bay of Fundy, will be furnished on application to the Secretary of the Board of Trade.

THE CITY OF ST. JOHN.

In reference to the City of St. John as a summer resort, and other advantages of position and climate, etc., we cannot do better than give the opinions of visitors and others to our City, some of which will be found in the following paragraphs taken from various publications, referring to a visit from the writers during the St. John Summer Carnival of 1889.

(ACTON FREE PRESS, Acton, Ontario, August 8th, 1889.)

On Monday morning we met at the City Hall and thence departed for a tally-ho drive around the City and its environs, and an excellent idea of St. John, its 60,000 population, its business places and manufactories, its beautiful Harbor and abundant shipping, and its various features attractive to visitors, was thus obtained. The Falls of the St. John River, the fine Suspension and Cantilever Bridges, the Asylum for the insane, and other places of interest were visited. It is claimed on good authority that St. John ranks fourth or fifth among the ship-owning cities of the world, and when one witnesses from the Harbor large and small craft everywhere, and lying three and four deep along the extensive wharves, it is not hard to give credence to the claim.

At 3 p. m. we were driven to the Electrical Exhibition, to participate in the opening ceremonies. We are often reminded that we are living in a progressive age, and here it was exemplified. The first gun declaring the Electrical Exhibition open was fired by telegraph from Montreal, and the second was fired from Vancouver, B. C. Sir Leonard Tilley, who was present, referred in brief terms to the progress of electricity during the last half century, and expressed a belief that, viewing the present Exhibition, we would feel that we had just entered on the threshold of its development. "Little did I dream," said he, "when I visited the Mayor of Vancouver a short while ago, that he would be able to fire the opening gun of our Exhibition from Vancouver; but such is the progress of electricity." Considering that the Exhibition was exclusively devoted to electricity and electrical appliances, it was a great success. During the Carnival St. John assumed an attractive and royal holiday appearance, and its Exhibition, athletic and aquatic games and sports, its processions, etc., attracted tens of thousands of visitors.

Notwithstanding the fact that twelve years ago a disastrous conflagration swept nearly 250 acres of the business part of the City out of existence, causing a loss of nearly thirty millions of dollars, the City presents an excellent appearance, and its public buildings are the envy of many of its more fortunate sister cities. It has been christened the Phoenix City.

(THE DAILY TIMES, Orillia, Ontario, August 2nd, 1889.)

Responding to an invitation from the St. John Board of Trade, the Tuesday following their arrival our party took a sail up the river to Fredericton.

The day was a delightful one; the scenery along the river banks was a beautifully varied panorama of hill and plain, rough and rocky woodland alternating with highly cultivated flats. Pretty villages with still prettier churches were frequently passed, and the general aspect of the country was good. The country kept improving until Fredericton was reached. In this vicinity are many very wealthy farmers and what are said to be the finest farm lands east of the prairies of Manitoba. It is very doubtful if there is land anywhere in Ontario equal to that of the St. John valley.

(THE CHRISTIAN GUARDIAN, Toronto, Ontario, July 31st, 1889.)

On Tuesday, by the courteous hospitality of the Board of Trade, our party was taken for a trip by steamer to Fredericton, the Capital of the Province. A combination of happy cir-

ST. JOHN, NEW BRUNSWICK, 112 EXHIBITION ASSOCIATION.

circumstances made this a red-letter day, "a thing of beauty is a joy forever." The River St. John is grand and beautiful beyond my previous conceptions. The broad majesty of this kingly river — the lofty hills near its mouth — the fertile farms and green fields higher up — the sky fleeced with fleecy clouds, screening us from "the sun's directer ray" — and constantly varying charms of the sloping uplands, presented pictures of quiet beauty that were eminently adapted to soothe the nerves of worn and weary mortals. Nothing could exceed the courtesy and liberality of the St. John gentlemen to whom we were indebted for this trip. We parted from them with regret, and the friendly intercourse of the day made us feel towards some of them as if they were old friends.

The extent of the shipping trade of this port was a surprise to some of us. The visit has greatly enlarged my ideas of the extent and beauty of the City, its commercial importance, and the enterprise, loyalty, and hospitality of its citizens.

(THE ELECTRICAL WORLD, of New York, of August 3rd, 1889.)

THE ELECTRICAL EXHIBITION AT ST. JOHN. — The list of Electrical Exhibitions which had already become of respectable length, must now include the great Carnival show at St. John, New Brunswick. This town has been *en fete* during the past week, and will continue to celebrate for yet another half a dozen days, and the main attraction throughout has been the Electrical Exhibition, the first ever held, it is believed, in a British Colony, and one which will certainly require no small effort anywhere to equal or surpass.

The occasion for the rejoicing at St. John is of double interest. The City has not only been signaling its civic union with its sister City of Portland, by which step its population jumps at a bound to 50,000, but it has appropriately taken special pride in the completion of the last link of the great Canadian Pacific Railway, by means of which it is brought into direct communication with the West and the Pacific slope, and has opportunities of export trade to Europe and the West Indies immeasurably expanded. Some idea of the vast territory which St. John serves as a commercial centre might in fact be very well formed from the manner in which visitors from all parts of the Dominion and Union have poured into the City during the festivities and from the heartiness with which the numerous American companies and individual electrical manufacturers have utilized the Exhibition to bring before a public little accustomed to such novelties all the latest inventions, appliances and conveniences included under the generic head of electricity.

(OREGONIAN, Portland, Oregon, July 24th, 1889.)

A SUMMER CARNIVAL. — CANNON FIRED BY ELECTRICITY AT LONG RANGE. — ST. JOHN, N. B., JULY 23rd, 1889. — The Summer Carnival opened yesterday. A prominent feature is the Electrical Exhibition, which began by the firing of a cannon by electricity from Montreal by President VanHorne, of the Canadian Pacific Railroad, who pressed a telegraph key connected by wire with the gun. Ten seconds later, Mayor Ophencimer, of Vancouver, B. C., fired a second gun from the Pacific coast, a distance of 3,500 miles, in the same manner.

THE CANADIAN PYTHIAN RECORD.

CANADA'S SUMMER RESORT. — The climate of St. John at this season of the year (Summer Carnival, July, 1889,) is a most delightful one, and offers every inducement to seekers of health and pleasure. It has all the advantages of summer without the oppressiveness of heat that is found further south and in the interior. On the warmest days the heat is tempered by refreshing breezes from the bay, while sultry and sleep-banishing nights are unknown. Neither mosquitoes, black flies, or other insect pests are found. All that makes life pleasant to residents of the favored Islands of the Atlantic coast may be found here, without the unpleasant accompaniment of high winds and humid atmosphere. The climate never fails to surprise and delight tourists who visit the city for the first time.

The Toronto "Daily Globe" calls St. John "A monument to the indomitable pluck of the people."

The following extracts were written by the special commissioner of the *Toronto Daily Globe*, May 24th, 1890.

So much for St. John's commercial progress and outlook. As a summer resort the cities and the Province of New Brunswick are yearly attracting tourists in increasing numbers. To the pleasure seeker, tired of the artificial life of the fashionable watering place, a month in St. John and New Brunswick will be the change and rest he wants. The social atmosphere is pure and cordial; there is no heart or neck breaking race for business, but in commercial circles there is an air of resolute composure that brightens while it does not weary you. If the tourist wants to surround himself with the changing green of nature, if he wants to trace lakes and streams where every ripple smiles back the sunshine, he may find them here. There are a score of pleasant excursion points to which visits may be paid. The rivers and lochs teem with fish. On the bay shore are found smooth stretches of clean hard beach; the water of the bay is of a higher temperature than that on the open sea board, for the tide is warmed in its flow over the sun-baked sands.

I have said nothing about the St. John River and its beauties. The limits of this article are too narrow and the "Rhine of America," as the guide-book calls it, not inaptly, will have an article of its own. Its reversible fall, however, is a feature of St. John sight-seeing. The river is peculiar in the manner of its outlet. It is nearly 500 miles long, and at places is a mile wide; it drains 17,000,000 acres of territory, but this stream at its mouth is forced through a rocky gorge of a couple of hundred feet in width. When the tide in the harbor is low the water of the river, unable to run out with the tide because of the confining rocks, forms a fall of fifteen feet in its struggles to escape and makes fearful whirlpools in which no boat could live. When the tide comes in the water cannot pass the river's mouth rapidly enough and the fall is reversed. It is only at half tide when the water is level and in the comparative calm that the passage from the river to the harbor can be made in safety.

The stranger in St. John finds a busy, prosperous and beautiful place — a city to be proud of and a people who are proud of it. The genius of the place is maritime and industrial. Down at the docks it is maritime. The broad harbor, with the fading waters of the bay meeting in indistinct lines the shores of Nova Scotia; the grimy docks at low tide reared high on gaunt poles to which the slimy sea-weed clings; the maze of masts with creaking blocks and flapping sails; the slips filling and emptying with the courses of the tide, at one time rising twenty feet or more and a few hours thereafter leaving schooners high and dry on the red mud and gravel; the rattling of chains as hogsheds are swung from the hold by the singing stevedores; the clanking of planks being transferred from humble scows to towering three-masters; the whistling of the tugs and steamers, and all the other sounds and sights down at the murky water's side carry you out past the glittering lighthouses, out past the farthest sight of land that touches sea and sky, out where salt winds blow their freest and salt waves roll their strongest, out where the commerce of the world moves along paths where paths cannot be traced. And St. John is a sea-port to you. You leave the docks for the foundries and the factories. In the clanging of machinery you hear the pulse beats of thousand-handed industry. There the genius is industrial.

For export and import trade generally, the geographical position of St. John assures her the position of the Leading Eastern Seaport of Canada.
